

Quality Policy

In **GRAB** , we strive to consistently out-serve our customers because Quality is not just another goal; it is our fundamental means to exceed expectations of our stakeholders and drive South-East Asia forward.

This means that every **GRABBER** adopts a philosophy of Quality excellence in all that we do. From the way we design, test and build our products and services, to the way we interact with customers, vendors and one another, while remaining true to our Core Values.

As a **GROUP** , we commit to being customer-focused, implementing industry best practices and continually improving our Quality Management System.
